Growers, consultants and agribusiness professionals are invited to participate in a series of six online programs addressing field crop production and pest management in 2018. Participants will learn how to enhance their corn, soybean, small grain and forage production systems in the coming season, and have an opportunity to ask questions of MSU agriculture experts. These live webinar programs can be viewed independently online. Registration is $20.00 for the full series of six webinars or $5.00 per individual webinar session. One MDARD Pesticide Recertification Credit will be available through each event for application to one of the following categories: Private Core, Commercial Core, or Field Crops.

All programs will be held Monday evenings 7pm-8pm ET

**February 19th**
- Conservation Drainage
  Dr. Ehsan Ghane, MSU

**February 26th**
- Managing Nematodes in Corn and Soy
  Dr. Marisol Quintanilla, MSU

**March 5th**
- Interseeding Alfalfa Into Silage Corn
  Drs. Erin Burns & Kim Cassida, MSU

**March 12th**
