TARGET AUDIENCE: Michigan Deer Hunters

PROGRAM SUMMARY: This webinar series will strive to bring hunters, researchers, and wildlife managers together to build relationships and engage in education, constructive dialog, and increased understanding through key presentations, panel discussions and structured question and answer segments. Participants would gain knowledge in Michigan deer hunting regulations, best practices for land management, disease mitigation, and safe home processing.

HOW TO REGISTER:
Register online at https://events.anr.msu.edu/huntertohunter/
Registration is required. Program is FREE.

SPONSORS/PARTNERS:
A special thank you to the Michigan Department of Natural Resources, the Little Traverse Bay Bands of Odawa Indians, and the MSU Department of Fisheries and Wildlife.

MSU is an affirmative-action, equal-opportunity employer. Michigan State University Extension programs and materials are open to all without regard to race, color, national origin, gender, gender identity, religion, age, height, weight, disability, political beliefs, sexual orientation, marital status, family status or veteran status.
About the Hunter to Hunter: Connective Conversations Program:
The Hunter to Hunter: Connective Conversations program will consist of five, 90 minute webinars held each Wednesday in September at 7 p.m.

Participants will be able to submit questions for the key presenters and panelists prior to the webinar session each week.

Topics will include:
September 2: Deer Hunting Regulations—How regulation packages are developed, written, and put into effect.

September 9: Current CWD Research—many ground breaking research projects are happening at MSU. Researchers will share what they are working on and how it affects you.

September 16: Deer Management on Tribal Lands—learn how tribal leaders are leading the way in deer management.

September 23: CWD and TB Testing in 2020 —join Dr. Kelly Straka, State Veterinarian DNR to learn about challenges in CWD testing for 2020 alternative methods for deer testing.

September 30: Home deer processing: Dr. Jeannine Schweihofe, MSUE, and Tina Conklin, MSU Product Center, will share best practices for at home processing to help you keep your product safe and wholesome for your entire family.
